Dr. Forsyth's sermon was heard with close attention, and was characterized as strong and well-prepared.

The subject of discussion at the afternoon session was "The Sunday-School," the discussion being Ted by the Rev. P. A. Arthur, assistant city missionary, and the Rev. Thomas C. Darst, rector of St. Mark's Church.

At the closing service of the convocation, which was held at 8 o'clock last night, the sermon was delivered by the Rev. J. Yates Downman, rector of All Saints' Church.

At the business sessions held during the day, reports were read from all of the fields represented in the convocation, and the body adjourned to meet next in Westover Church, Charles City county. The session was one of the most successful in the history of the body, and was attended by representatives of nearly every parish. The new constitution and by-laws for the work of the convocation were adopted, and much other important business was transacted.

One of the pleasant features of the session was the hospitality of the neighborhood, the members of the convocation having been entertained at dinner yesterday at Brook Hill, the residence of the Misses Stewart, and a reception was held in their honor the afternoon before at the rectory by the Rev. Mr. Osgood.

Interesting Address Thereon,

Mrs. Carrib Lee Carter Stokes, a national lecturer and organizer for the Woman's Christian Temperance Union, was the lecturer last night before a good andience at the Seventh Street Christian Church, Special music was rendered by the maic quartet of the Seventh Street Church.

The speaker was introduced by the pastor of the church, Rev. J. J. Haley, and announced as her subject, "The Silver Lining to the Dark Clouds," Mrs. Stokes dwelt on the progress that has been made in the lines of temperance during the past century, and drew several striking comparisons between conditions a hundred years ago and the conditions that generally prevalt to-day.

Among other Illustrations Mrs. Siokes told of a church in Maine, which was dedicated a hundred years ago, and the records show that at the declication services a hogehead of rum was one of the most imperant features.

The position both of the Aurch and of society was shown to be distinctly encouraging to the temperance forces.

Mrs. Stokes is a logical and forceful speaker, and presents an easy and graceful appearance on the platform.

Advanced Stages.

Rheumatism is a painful inflammation of the musels of of the coverings of the joints, and is sometimes accompanied by swelling. The pain is sharp and shooting, and does not confine itself to any one part of the body, but after settling in one joint or mustle for a time, leaves it and passes on to another. The most dangerous tendency of the disease is to attack the heart from pain for a time, but the disease cannot be cured until the blood is purified. Dr. Williams' Pink Pills are the best medicine for this purpose, as their action is directly on the blood, making it rich, red and healthy, When the blood is pure there can be no rheumatism.
